7-LEVER AUDIT

Seven questions. Rate yourself as the sparring version — not the drilling version. Your lowest lever is your primary constraint. That is where the system starts.

"I DO NOT RUN AIMLESSLY.
I DO NOT BOX AS ONE BEATING THE AIR.
I DISCIPLINE MY BODY AND KEEP IT UNDER CONTROL."

1 CORINTHIANS 9:26-27

RATING GUIDE

1 = BREAKS CONSISTENTLY UNDER PRESSURE · 5 = FULLY AUTOMATIC

Rate based on your sparring performance — not drilling, not shadowboxing. Score 1 if it breaks under live pressure. Score 5 if it holds without conscious thought. Honest self-assessment is the only input that produces accurate output.

01

DILIGENCE

CUE READING

"In sparring — do you see punches arriving, or feel them landing?"

1	2	3	4	5
---	---	---	---	---

1 — REACTIVE. SURPRISED BY MOST SHOTS ARRIVING.
5 — READS TELEGRAPHS EARLY. ADJUSTS WITHOUT THOUGHT.

"Watch and pray" — Matthew 26:41

02

CHASTITY

KINETIC CHAIN

"Do your punches come from your legs and hip — or your shoulder and arm?"

1	2	3	4	5
---	---	---	---	---

1 — ARM-ONLY. LOSES POP BY ROUND 3.
5 — FULL CHAIN: FLOOR → HIP → SHOULDER → FIST, EVERY PUNCH.

"Work at it with all your heart" — Colossians 3:23

03

FORTITUDE

REACTIVE STIFFNESS

"Does your footwork feel springy by round 4 — or flat and heavy?"

1	2	3	4	5
---	---	---	---	---

1 — PLANTED, SLOW, HEAVY LEGS UNDER PRESSURE.
5 — ELASTIC. RE-LOADS AUTOMATICALLY THROUGH ALL ROUNDS.

"They will run and not grow weary" — Isaiah 40:31

04

TEMPERANCE

RANGE FLUENCY

"Can you generate offence at all three ranges — or do you have one home?"

1	2	3	4	5
---	---	---	---	---

1 — EFFECTIVE ONLY AT ONE RANGE. EXPLOITABLE.
5 — COMFORTABLE AND PRODUCTIVE AT LONG, MID, AND CLOSE RANGE.

"I have become all things to all people" — 1 Corinthians 9:22

05 JUSTICE DEFENSIVE RESPONSIBILITY

"When you throw combinations — does your guard hold, or does your chin get exposed?"

1	2	3	4	5	1 — CHIN EXPOSED. HAND DROPS AFTER EVERY COMBINATION.
					5 — DEFENCE BUILT INTO OFFENCE. HANDS RETURN AUTOMATICALLY.

"Put on the full armor of God" — Ephesians 6:11-13

06 FAITH TRANSFER TO LIVE

"Is your sparring the same standard as your pad work — or does pressure strip the technique?"

1	2	3	4	5	1 — TECHNIQUE DISAPPEARS UNDER LIVE PRESSURE.
					5 — SPARRING QUALITY MATCHES OR EXCEEDS DRILLING QUALITY.

"Be doers of the word, not hearers only" — James 1:22

07 HUMILITY IDENTITY & PRESENCE

"When hurt and behind — do you fight your system, or contract and wait for the round to end?"

1	2	3	4	5	1 — SHUTS DOWN WHEN HURT. CONTRACTS AND SURVIVES.
					5 — PRESENCE HOLDS UNDER ADVERSITY. EXECUTES THE SYSTEM WHEN IT MATTERS.

"I have fought the good fight, I have finished the race" — 2 Timothy 4:7

Circle your lowest lever — that is your Primary Constraint. Address it before anything else. Every other improvement compounds on it.

7-16 · THE FOUNDATION IS INCOMPLETE

The base layer needs work before the system can compound. Your bottleneck is structural, not technical. Technique stacked on a broken platform produces inconsistency — not improvement. Start at the ground and build up.

→ **START FREE: 30-DAY FOOTWORK FOUNDATION · [THEERAINERS.COM/FOOTWORK-FOUNDATION](https://theerainers.com/footwork-foundation)**

17-27 · THE MECHANICS ARE THERE. STRUCTURE IS MISSING.

Your base is solid enough to build on — but the levers haven't been integrated into a connected system. One session locks them into structure. You're training hard. You need to train connected.

→ **NEXT: THE CALIBRATION WORKSHOP · [THEERAINERS.COM/WORKSHOP](https://theerainers.com/workshop)**

28-35 · THE SYSTEM IS CLOSE. ONE LEVER IS THE CAP.

Your overall system is strong. One lever is suppressing every improvement above it. That constraint — when addressed as a system, not a drill — compounds everything else. This is the Private Architecture case.

PRIMARY CONSTRAINT → PRESCRIBED FOCUS

CUE READING	Slow sparring with cue-identification only. No counters. Just see the telegraphs.
KINETIC CHAIN	Single-punch kinetic drills: floor → hip → shoulder → fist. Pause at each node.
REACT. STIFFNESS	Single-leg loading, pogo hops, lateral bound-and-land. Build the elastic reload.
RANGE FLUENCY	Prescribed rounds at each range. No crossover. Long / mid / close rotations with purpose.
DEF. RESPONSIBILITY	After every combination: 3-count guard check. Ingrain the return before adding speed.
TRANSFER TO LIVE	Pressure escalation: drilling → light contact → sparring. Same technique at every stage.
IDENTITY & PRESENCE	Adversity conditioning: start each round deliberately behind. Execute the system through it.
